1. Purpose of policy and guiding principles

- 1.1 Careers education, information and guidance (CEIAG) programmes make a significant contribution to preparing young people for the opportunities, responsibilities and experiences of adult life.
- 1.2 The CEIAG programme is designed to be progressive from Year 7 to Year 11 and support students in making informed choices in years 8, 9 and 11.
- 1.3 At Trinity Academy Halifax we aim to raise aspirations, challenge stereotypes and encourage students to consider a wide range of careers. Through careers education and guidance it is hoped that students will be encouraged to make the most of their talents and to go on to jobs or courses which suit their needs and intelligence.
- 1.4 In particular we intend our students to:
 - Develop a broad understanding of the world of work and an ability to respond to changing opportunities.
 - Develop independent research skills so that they can make good use of information and guidance.
 - Develop the skills they need to review achievements, plan future actions, make decisions, present themselves well and cope with change and transition.

We recognise that the process of making career decisions is a lengthy one and that most of our students will make their final choices only after completing their higher education course.
