

## **Student Guidance for Home Learning**

If you have to isolate due to: a confirmed case of COVID 19 in your household; have a confirmed case yourself or have been told to isolate through the government's Track and Trace system, the academy is providing work for you to complete at home which will allow you to keep up with the lessons you are missing.

You can access the work through the academy website by going into Sharepoint in the way all work was provided during the lockdown before the summer. Students should open the 'isolating students' folders. Within this are folders for each subject, each week.

### **If you are in Year 7, 8 or 9:**

Your English, Maths, History, Geography, MFL, Science and RS teachers will be uploading the lesson resources onto Sharepoint. These may be the day after your usual lessons. You can access this through the academy website in the way that you did during the lock down period before the summer.

They will also be posting links to content on the Oak National Academy website. This includes recorded lessons, explanations and resources to help you understand the topics that your classmates are covering in the lessons you are missing.

You can submit work to your teacher using their email address.

### **If you are in Year 10 or 11**

All of your GCSE options teachers will be uploading your lessons onto Sharepoint. These may be the day after your usual lessons. You can access this through the academy website in the way that you did during the lock down period before the summer.

They will also be posting links to content on the Oak National Academy website. This includes recorded lessons, explanations and resources to help you understand the topics that your classmates are covering in the lessons you are missing.

You can submit work to your teacher using their email address.

We appreciate that this way of working will take some time to adjust to. Please ensure that you are accessing the help videos on the website as they should answer most questions about how to access the various sites and resources. If there are any issues accessing any of the resources, or if you would like any further guidance regarding the materials available on SharePoint, please email your queries as follows:

- ICT-related issues: [ict@trinityacademyhalifax.org](mailto:ict@trinityacademyhalifax.org)
- All other queries: [contactus@trinityacademyhalifax.org](mailto:contactus@trinityacademyhalifax.org)

*This is the process where we have just a few students who are having to isolate. If a whole year group bubble should be required to isolate, live lessons and video lessons will be made available through the academy website. Further guidance will be sent to students and parents should this eventuality occur.*
