

Trinity Challenge

Name:

VT Group:

Trinity Challenge is designed to offer students in year9 a range of opportunities outside the classroom to enable them to become resilient learners with a thirst for learning and new experiences.

In addition, this year we have extended the Trinity Challenge to act as a platform for students to complete specific tasks that will support them in their completion of the DofE Bronze award.

Benefits for students taking part :

Have lots of fun!

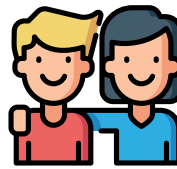

Get healthier and happier!

Gain valuable skills!

Become more confident and independent!

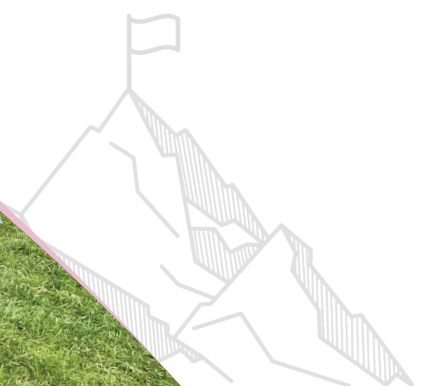

Make memories that will last a life time!

Promote well-being!

Work towards achieving your DofE Bronze Award

How does Trinity Challenge 2023 work?

As an academy, we challenge our students to take part in the Trinity Challenge. This involves participation in a range of tasks from the following areas:

- The Arts, Culture and Performance
- STEM
- Earthshot
- Wellbeing and Aspirations
- The Community

In addition, these challenges have been put into four DofE categories to support tracking of students progress towards the DofE Bronze Award.

We will support students to achieve the Trinity Challenge award by providing opportunities within the academy through the Curriculum, Involve club opportunities and academy trips throughout Year 9. Other challenges require students to go the extra mile and complete tasks outside of the academy. This can be independently or with friends or family.

The evidence for completion of these challenges will be tracked and recorded by form tutors, the Admin team in the academy, through attendance at certain events or from students bringing in evidence of completing the tasks during VT. This evidence can also be emailed to form tutors in the form of a photo or video. Alternatively, students may just wish to describe how they completed the tasks and the new skills they have developed in doing so.

Students will be awarded the following rewards for completing the Trinity Challenges:

Trinity Challenge Award:	Awarded for completing:
Bronze	15 Trinity Challenges
Silver	20 Trinity Challenges
Gold	25 Trinity Challenges

TC1: Support at your local food bank

You will have an opportunity to complete this challenge as part of our Involve clubs.

Evidence: Involve register tracked via admin.

TC2: Support at an academy event / sports club / STEM club

You will have an opportunity to complete this challenge as part of our Involve clubs.

Evidence: Involve register tracked via admin.

TC3: Coordinate a sports event within the academy or for a local team or club

You will have an opportunity to complete this challenge as part of our Involve clubs and as part of the Involve clubs.

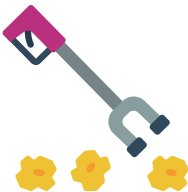

Evidence: Involve register tracked via admin.

Switch to a more sustainable diet for one week and write a food diary to record and rate your enjoyment

Evidence: The evidence will be tracked during VT with your Form Tutor.

Above are the list of 50 Trinity Challenges for 2023 - 2024. We ask that when taking part in the starred activities you must seek adult supervision to ensure you stay safe **

Please note to achieve the DofE Bronze award you will need to complete 15 of the skills challenges over a 6 - 9 month period. All the blue skills are 'Life skills' and so students could complete a range of these to meet the requirements for the Skills section.

Reflection Example:

Which challenges have you completed this term?

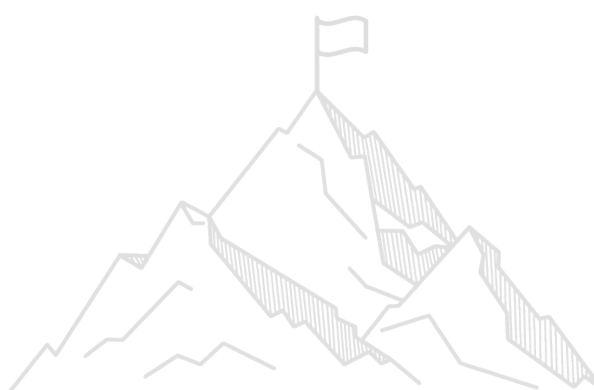

I have completed challenge 45 learning to a magic trick which I did at home and challenge 36 perform to an audience which I completed in my English lessons by doing Trinity Talks.

Which challenges do you aim to complete next term?

Next term I want to complete challenge 31 iron a shirt so I can help out with the washing at home.

What life skills have you learned from the challenges you have completed this term?

The skills I have learned this term from these challenges is how to present to an audience, this has made me much more confident. This will be good for the next time I have to do Trinity Talks in school.

Reflection

How did these experiences help you learn something new, develop as an individual, prepare for life, or understand the world better?
