

Transition - Finding my way around

Transition activities

Reading a timetable and finding your way around the building

Don't worry!

We don't expect you to be able to do this perfectly when you arrive with us.

You can ALWAYS ask someone to help you work it out – either students or staff.

This is just to give you a helping hand before you come...

Reading a timetable

One of the big differences between primary and secondary school is that you will be moving between different classrooms for your lessons.

That means you'll need to be able to follow your own timetable and use it to move around the academy.

Reading a timetable

On the next slide is an example of a Year 7 timetable.

It isn't the exact timetable you'll have but can be useful to practice with.

This might be the first time you've had to follow your own timetable, and it is something that we know Year 6 students are sometimes nervous about, so we thought we'd do some work on it beforehand.

Monday	Tuesday	Wednesday	Thursday	Friday

Firstly, don't panic!

There's a lot of information on here, but you don't need it all at once!

Take each box at a time:

Monday		
History		
7x/Hi1 207 SLD	1	
French		
7x/Fr1 401 KWN	2	
Tutor time		
TuH/2 220 SWI	CT	
Science		
7x/Sc1 123 SAF	3	
Maths		
7x/Ma1 004 UBI	4	
English		
7x/En1 316 ILN	5	

Each day, you read your lessons downwards.

So, on a Monday this student has French in 407 lesson one, and then goes to PE lesson 2, then to CT in 314, and so on.

Your break will be before or after lesson 2 (dependent on which half of the year you're in) and lunch during lesson 4.

Monday		
History		
7x/Hi1 207 SLD	1	
French		
7x/Fr1 401 KWN	2	
Tutor time		
TuH/2 220 SWI	CT	
Science		
7x/Sc1 123 SAF	3	
Maths		
7x/Ma1 004 UBI	4	
English		
7x/En1 316 ILN	5	

Activity 1

See if you can use this information to read through the table above and fill in the gaps on the script:

On Monday, I will have _____ in room ____.

Then I will go to _____ in room ____.

Next, I will go to _____ in room ____.

In lesson 4 I will have _____ in room ____.

Finally, I will have _____ in room ____.

Challenge – can you do it for the whole week?

Finding your way around the building

Hint: Colours and Numbers are the key...

First tip

Room numbers always start with the floor that they're on.

001 – 010 are all on the Ground Floor

101-129 are all on the 1st floor

201 – 232 are all on the 2nd floor

And so on...

So, first things first, check the 1st number of the room you need to find.

What if I'm lost?

In all the open spaces, we have these signs, which tell you what floor you're on, and where everything is on that floor. Just remember to look up!

Activity 2

What floor do you need to go to for each of the lessons on Monday?

Challenge: can you do it for the whole week?

Monday		
History		
7x/Hi1 207 SLD		1
French		
7x/Fr1 401 KWN		2
Tutor time		
TuH/2 220 SWI		CT

7x/En1 316 ILN		5

We use colours to help

All of the corridors at Trinity are colour coded to help you find your way around.
Below is a guide to this:

Titus - Maths	Priestley - Science
Redgrave - English	Hockney - Design and Performance
Stewart - Humanities	Whiteley - Computer Science
(Religious Studies, Geography and History)	Attenborough - Modern Foreign Languages

Activity 3

Thursday		
History		
7x/Hi1 207 SLD	1	
French		
7x/Fr1 408 KWN	2	
Tutor time		
TuH/2 220 SWI	CT	
Science		
7x/Sc1 123 SAF	3	
English		
7x/En1 316 ILN	4	
Maths		
7x/Ma1 004 UBI	5	

Lots of students find that colour coding their timetable helps them to work out where they need to go next.

Can you use coloured pens to colour code the timetable? Or if you don't have a printout, just work through which colour each lesson would be.

Why don't you do this
with your real timetable
when you get it too?

Remember, don't worry!

There will be lots of people around to help you work this out when you get here, and on your first day you'll be taken everywhere.

But the more you can do to prepare, the easier you'll find it to do in real life!
